

Ostrowiec Świętokrzyski, dn. 22.02.2022r.

**To whom it may concern.**

We hereby declare that steel products from CELSA "Huta Ostrowiec" Sp. z o.o. are produced at following address: 27-400 Ostrowiec Świętokrzyski, ul. Samsonowicza 2, Poland and satisfying the requirement for raw materials (scrap) to be collected within 500 miles from the production site. Technology deployed when making the products: EAF/ LF/ CCM/ QTB or AHR. The percentage composition of products (bars for cement reinforcement, merchant bars, profiles) is as follows:

scrap metal	- 91,43 %,
metallic alloys	- 1,93 %,
non-metallic alloys	- 0,64 %,
other components	- 6,00 %.

The recycling content in products, which is used in our production is amounting to about 91,43 % (scrap metal) on the base of product's weight.

In this case it can be assumed that that the amount of a post-consumer content in our product is 91,37 %, and the amount of pre-consumer recycled content is 0,3 %.

CELSA "Huta Ostrowiec" Sp. z o.o. is certified by Bureau Veritas Certification according to the following standards:

- PN-EN ISO 9001:2015 – Quality management system. Requirements.
- PN-EN ISO 14001:2015 – Environmental management system. Requirements with guidance for use
- PN-EN ISO 45001:2018 – Occupational health and safety Management System. Requirements with guidance for use.

The document remains valid until the change of the facts for which it was issued.
